Course Information

Since this class is online, you work at your own pace and time– *within reason*. All assignments will be sent out in an email every **Wednesday** evening and every assignment will be due the following **Tuesday** evening. Students are expected to complete every assignment and provide comments/feedback to classmates as well. Those comments must be made by Tuesday night, (in time for the next assignment, which will be given on Wednesday evening). All assignments will be posted for class viewing on Google Docs and students (and me, the teacher) will post comments directly to the Goggle doc so that the classmates can see all comments at once. You will receive specific instructions for how to log in to the Google docs and how to provide your comments.

You must purchase a workbook for this class. Please email Hannah to purchase. Digital or hard copy is available.

***Please note that there is a seven-day refund policy–seven days from the date of your registration.**

Please return this form with your tuition to:

Hannah R. Goodman
11 Meadow Lane
